

Cerfa-Kleen® 5384

Liquid alkaline spray cleaner

DESCRIPTION

Cerfa-Kleen 5384 is a heavy-duty liquid alkaline cleaner designed for spray cleaning operations for ferrous metals.

This cleaning compound is formulated with carefully chosen alkali salts and an alkali compatible surfactant system. This combination of ingredients provides fast, thorough cleaning and controlled suds for applications where spray operations are required or where extreme agitation is encountered.

FEATURES / BENEFITS

- Outstanding cleaning capability for optimal soil removal.
- Formulated to resist biological activity which minimizes use of costly, sumpside biocide addition.
- Formulated with heat tolerant raw materials allowing for cleaning of even the most difficult soils.

DATA (TYPICAL VALUES)

Appearance	Clear, amber liquid
Solubility	Miscible with water in all proportions
pH (2% Solution)	12.0 ± 0.2
Pounds per Gallon	9.9
Total Alkalinity	10.2 as Na2O
Rinsability	Free rinsing
Operating Temperatures	100 - 180°F
Use Concentrations	1-5% by volume dilution with water depending on soil encountered
Safety on Metals	Safe on ferrous metals

HL 14.01 US

HEALTH AND SAFETY

Refer to SDS for proper handling and disposal. Please note that the SDS includes handling, health and disposal information which should be passed on to your employees, and to anyone else who comes in contact with our product. Additional advice can also be obtained from your local Houghton representative.

NOTE: Read and understand all precautions on container labels before using this product.
