

# Cerfa-Kleen® 5601

A non-phosphated soak tank metal cleaning compound

## DESCRIPTION

**Cerfa-Kleen 5601** is an alkaline liquid soak tank cleaning compound designed to remove various soils from room temperature to 200°F on both ferrous and nonferrous metals. It contains a large amount of a detergent package designed to increase cleaning capabilities at lower temperatures.

## FEATURES / BENEFITS

- Outstanding cleaning capability for optimal soil removal.
- May be used at ambient temperatures to dramatically reduce energy costs.
- Works on a wide variety of alloys which reduces costs via consolidation of products and purchases.
- Formulated with heat tolerant raw materials allowing for cleaning of even the most difficult soils.

## DATA (TYPICAL VALUES)

Appearance	Amber colored liquid
pH (1% solution)	11.5
Pounds per gallon	9.0

## HEALTH AND SAFETY

Refer to SDS for proper handling and disposal. Please note that the SDS includes handling, health and disposal information which should be passed on to your employees, and to anyone else who comes in contact with our product. Additional advice can also be obtained from your local Houghton representative.

NOTE: Read and understand all precautions on container labels before using this product.
